Activities that Both Occupations Have in Common

Similarity of Focus
Occupation to Associated
Occupation: 92

Focus Occupation: Physician Assistants (29-1071)

Associated Occupation: Obstetricians and Gynecologists (29-1064)

| Work Activities | Exclusivity of Activity |
|--|-------------------------|
| Administer injections | 60 |
| Administer medications or treatments | 46 |
| Collect clinical data | 56 |
| Communicate technical information | 4 |
| Conduct complete physical examinations | 85 |
| Conduct patient assessments | 69 |
| Diagnose medical condition of patient | 82 |
| Document medical prognosis | 77 |
| Draw blood | 74 |
| Follow examining room procedures | 84 |
| Interpret medical laboratory test results | 72 |
| Order medical laboratory tests | 76 |
| Perform minor surgery | 82 |
| Prepare patient reports | 66 |
| Recognize childhood diseases | 78 |
| Record medical history or data | 68 |
| Take vital signs | 56 |
| Treat medical condition of patient | 75 |
| Understand properties or composition of drugs | 64 |
| Use clinical problem solving techniques | 69 |
| Use emergency medical procedures | 64 |
| Use interpersonal communication techniques | 10 |
| Use knowledge of medical terminology | 40 |
| Use medical diagnostic techniques | 71 |
| Use sanitation practices in health care settings | 48 |

Not all positions in these occupations will necessarily perform all of the listed activities. The exclusivity rating is an indication of how unique the activity is amongst all occupations. The maximum rating is 100. High scores indicate that only a small number of occupations engage in that activity.

Tools and Technologies that Both Occupations Have in Common

Similarity of Focus
Occupation to Associated
Occupation: 81

Focus Occupation: Physician Assistants (29-1071)
Associated Occupation: Obstetricians and Gynecologists (29-1064)

| Tools and Technologies | Exclusivity |
|--|-------------|
| Acute care monitoring units and related products | 22 |
| Blood pressure units and related products | 11 |
| Computers | 1 |
| Content authoring and editing software | 1 |
| Electrocardiography EKG units and related products | 20 |
| Emergency medical services resuscitation products | 15 |
| Industry specific software | 1 |
| Information exchange software | 1 |
| Intravenous and arterial tubing and administration sets and related products | 22 |

| Intubation supplies | 21 |
|---|----|
| Laboratory microscope slides and supplies | 20 |
| Medical ultrasound and doppler and echo imaging products | 19 |
| Network applications software | 1 |
| Neurological exam products | 30 |
| Pulse oximeters | 18 |
| Scopes and specula and accessories for medical exam diagnostic use | 23 |
| Specimen collection and transport containers and supplies | 14 |
| Stethoscopes and related products | 14 |
| Surgical clamps and forceps and surgical ligators and related instruments | 29 |
| Surgical cutting instruments and snares and related products | 24 |
| Surgical dilators and probes and grooves and related products | 70 |
| Surgical equipment and accessories and related products | 23 |
| Surgical retractors and related products | 43 |
| Suture and related products | 23 |
| Suture and surgical tissue closure instruments and related products | 33 |
| Syringes and accessories | 14 |

Not all positions in these occupations will necessarily use all of the listed tools and technologies. The exclusivity rating is an indication of how unique the tool or technology is amongst all occupations. The maximum rating is 100. High scores indicate that only a small number of occupations use that tool or technology.
